

# TRUSTS AND ESTATES

In light of the current situation, many of our clients have reached out to us with concerns, particularly our **higher risk population**. We want to assure you that Bulkley Richardson's **Trusts and Estates** attorneys and staff are available to prepare estate planning documents on an expedited basis. As the health and wellness of our clients remains our top priority, arrangements can be made so that an office visit is not required. Please contact your attorney directly or call our Springfield office at **413-272-6200** to learn more.
